## Parking Proposals Need Urgent Attention.

Gorey Chamber has called on the newly elected County Council members to agree the parking proposals for Gorey Town submitted in June of 2008 as a matter of urgency.

Following a full survey of the business community in the Town, Gorey Chamber had asked for a change in the parking by laws to include a flexi parking arrangement on all business streets with a maximum stay of two hours.

Speaking today, Chamber Executive, Dick White “We in all seriousness surveyed the business community to gauge their opinions on proposed changes for the Town. In my view we cannot wait any longer to have them implemented and I am now asking the new Wexford County Council Area Committee to finally move on this issue as a matter of urgency”

Concluding, White added, “I know that Rome wasn’t built in a day but at this stage you would be very worried as to the priority level that exists at Area Committee level in relation to the business sector, as it is now over a year since we completed our survey and submitted our proposals”
